

NEW LOCATIONS, BETTER SYSTEMS, FORGING FORWARD!

Thanks to incredible donors and staff, Impact City FC has a lot to be thankful for. In a time when the world's agenda is being pushed, we've had the opportunity to share the truth of God each week with players from all different walks of life. Through programs and outreach, we continue to see transformation happening in the hearts and lives of Major League Soccer Players, refugees, fatherless boys & girls in housing projects, and suburban kids struggling with anxiety.

Impact City FC teams carry a Nike Premier Club distinction and have won leagues and tournaments while being disciplined in the Scriptures and trained in leadership through our partnership with the John Maxwell Leadership Foundation. Players are being developed, and lives are being transformed. Our staff has worked hard to create manuals to increase our operational effectiveness and resources for families to deepen our identity as a club.

In November of 2023, Impact City FC will turn 4 years old, but it feels like we are just getting started. Over the next 12 months, we see our first facility to call home being built in St. Louis, increased player development opportunities, and two new locations launching in Indianapolis and in Cap-Haitien.

MEET NICO

We met Nico at CityReach, our program for underserved urban communities, and recognized his immense talent. Our coaches pointed him towards Jesus and we were able to scholarship him for a team. His stand out performances led us to get him a tryout at local MLS Club St. Louis City SC. He was the only player to be called back, outfitted in a full SC kit, and asked to stay! Nico has since been training with their team full-time and continues to be impacted by an Impact City Chaplain we have serving at the MLS club.

OUR TEAM
